CARL MORRIS WINS

Taps McFarland and Latter Flops Down on Canvas

Atlanta, Ga., Nov. 28.—Jack McFarland, of New York, picked out a soft spot on the canvas in the first round of his bout with Carl Morris, of Sapulpa, Okla., here tonight and laid down on it. Morris tapped him gently on the chin and he flopped. The blow would not have felled a light weight. Cries of fake resounded through the hall and there was some disposition on the part of the spectators to do harm to McFarland but they were restrained.

NEGOTIATIONS FOR PEACE PROCEEDING WITH SATISFACTION

An Armistice is Practically in Existence and Terms of Peace Occupy Attention

By George Renwick, Special Correspondent of the International Service and the London Chronicle.

Constantinople, Nov. 28.—The four parlers at Bagcheskeui are proceeding satisfactorily, an armistice being practically in existence. The negotiations are now directly concerned with the terms of peace. Each side has entertained the other at dinner and the friendliest feeling exists, greatly assisting the discussions.

The porte is extremely reticent, but a most hopeful air pervades high official circles.

I have excellent authority for stating that Bulgaria is showing a most conciliatory spirit. I believe she is inclined to adopt a less firm attitude regarding Adrianople, hitherto the great stumbling block. The Turks have demanded that the new frontier shall be a line drawn from Kirk-Kilisseh to neighborhood of Salonika, Adrianople to remain a Turkish possession.

NOTICE.

The plans and specifications are on file in the office of county clerk where they may be examined by anyone who is interested in the contract for erecting the building.

It will be a three story fireproof building, to be built of brick with stone trimming. The floors will be re-enforced concrete and the full extensions of the building will be 92 by 88.

The first floor will have offices for the county superintendent of schools, collector, recorder, treasurer, county clerk, county court room and a farmer's rest room. On the second floor there will be offices for the circuit clerk, prosecuting attorney, sheriff, probate judge and a circuit court room 30 by 70.

The third floor will have jury rooms and an office for the surveyor. The walls are to be well finished with beautiful, wall designs. The plans call for a neatly arranged building, one that every Barry county citizen will feel proud of.

We Would Not Take

from our ministers and churches any of the glory and honor due them for their good and beneficial work among our young men. We want to divide the honor with them. Do you know the bank and the church should go hand in hand in helping young men to lead good moral, honest, honorable lives. The young men who disgrace their families and the community never have a bank book in their pocket. The young man who weekly deposits a portion of his earnings, seldom, if ever, sows many "wild oats." Parents can do no better act than to assist their boys in starting a bank account. It is a stepping stone to all that is good.
